

Prepaid Metering Services

About Us

Prepaid Metering Services PTY Ltd is SA's Leading Sub-Metering Solution-provider and installer. From electric prepaid meters to water sub-meters, we install prepaid-meters across South-Africa. With our state of the art management software we efficiently manage our client's accounts.

Who makes use of our Meters?

PROPERTY OWNER'S

Prepaid Sub-Meters allow Landlords to manage tenant's electricity usage and reduce the risk and liability of getting stuck with unpaid electricity bills.

TENANTS

Tenants can use our Prepaid Sub-Meters to manage their own electricity usage without worrying about over committing yourself.

Done worrying about your utility bill

By installing our Sub Meters you remove the risk of High billing and Non-Payment by controlling your electricity usage through Prepaid Purchasing.

How our Service works

The meter installation will be done within 7 working days after application and payment has been received.

Our Sub-Meters is not a replacement for your Municipal account but rather manages your Electricity account through prepaid token Purchasing.

We allocate your meter to our system that manages the amount spend on electricity by your tenants. At the end of every month we calculate the usage and pay it into your account and you pay your Municipal account or we can also settle your Municipal account directly.
